OAK BENCH

A garden bench, from sketch to seat

YOUR NAME

THE JOURNEY

01

12 JAN 2025 · IDEA

The idea

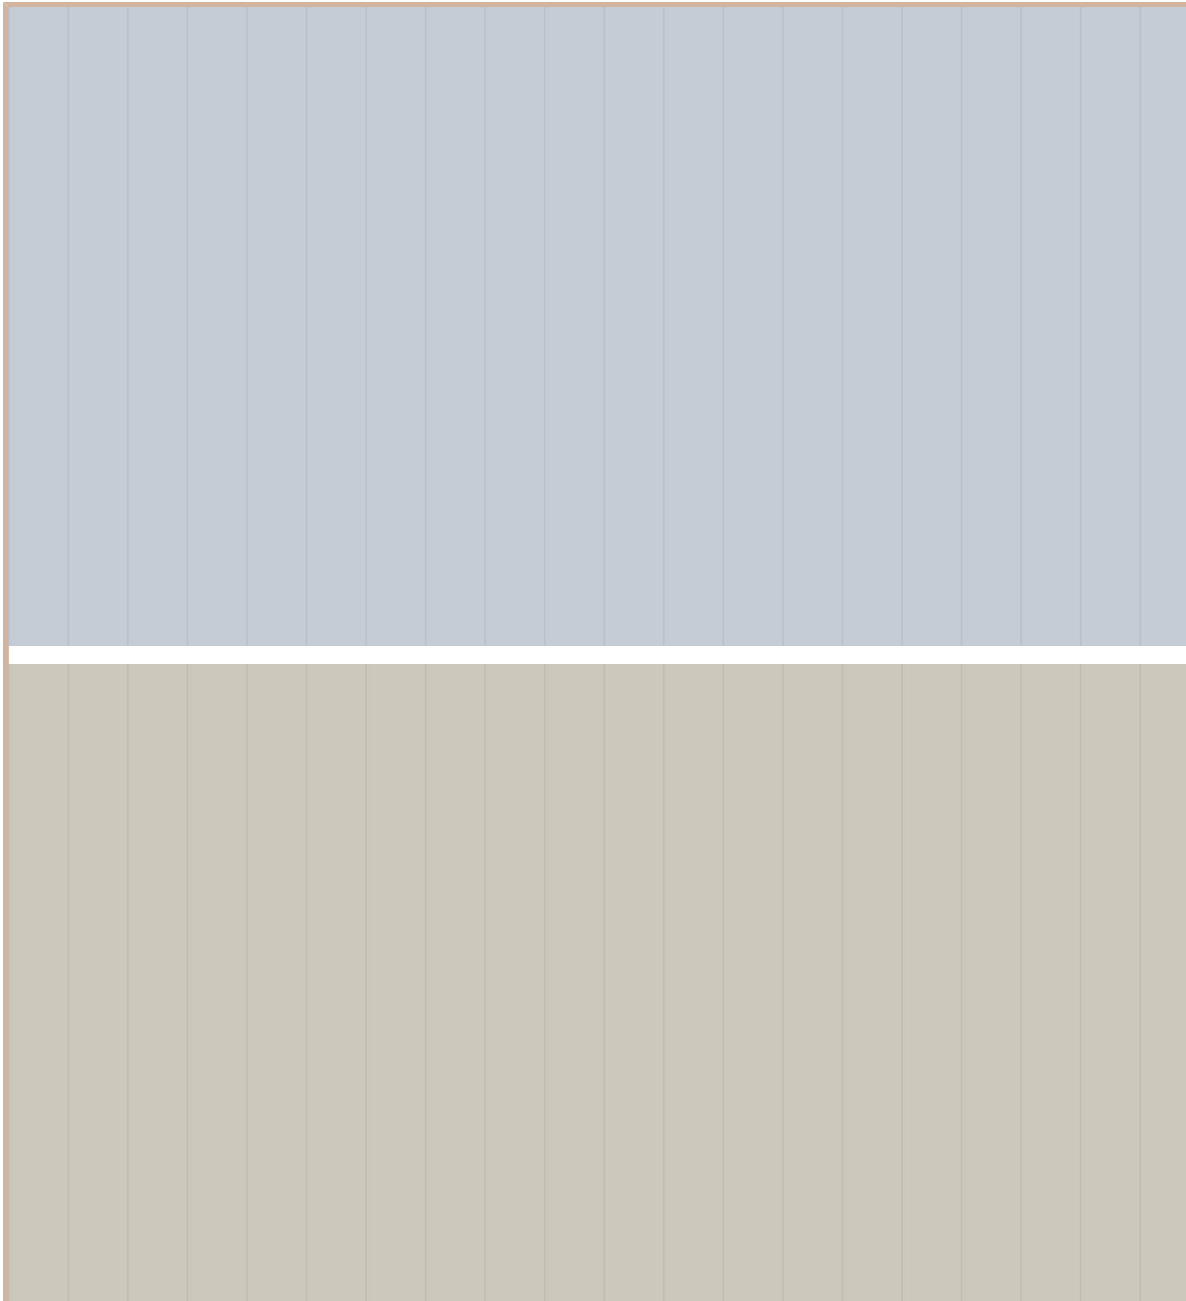

It started with an empty corner of the garden and a fallen oak.

The goal: a bench that seats three and lasts twenty years.

First sketches

Three directions: a slab bench, a slatted bench and a curved one.

Pencil sketches, versions 1 to 3

03

20 FEB 2025 · PROTOTYPE

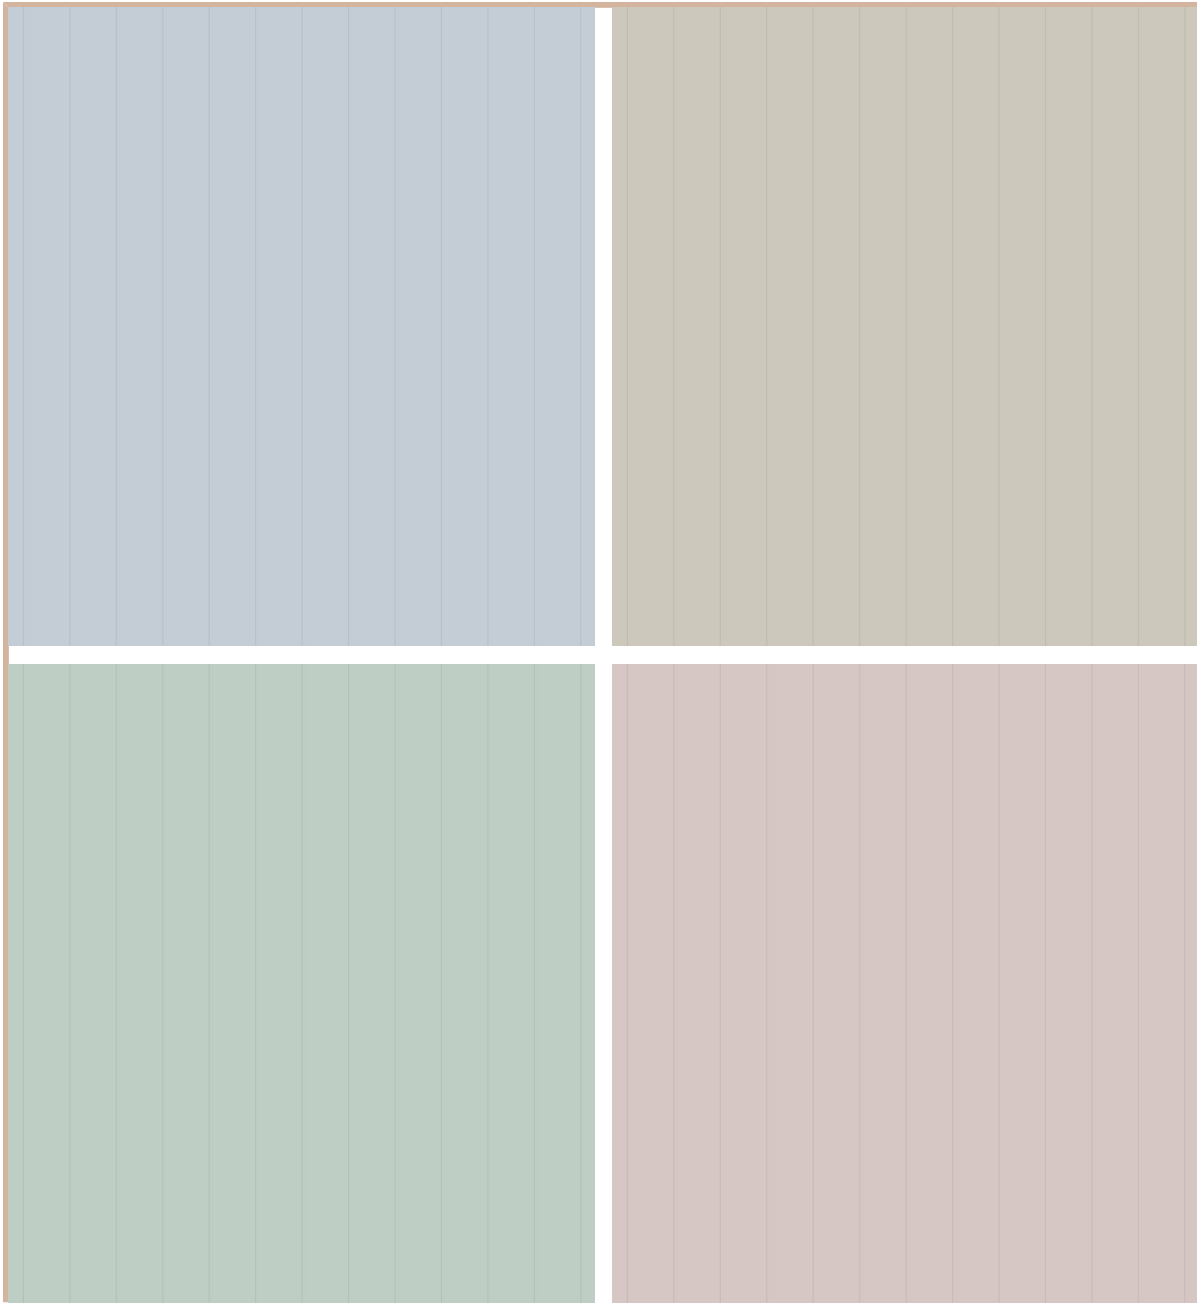

Cardboard model

A 1:5 model showed the curved version was too hard to build.

Choosing the wood

Oak was dried for six weeks. Moisture target: under 12 %.

- Seat: 40 mm oak planks
- Legs: 70 × 70 mm
- Finish: hard wax oil

05

15 APR 2025 · BUILD

Joinery

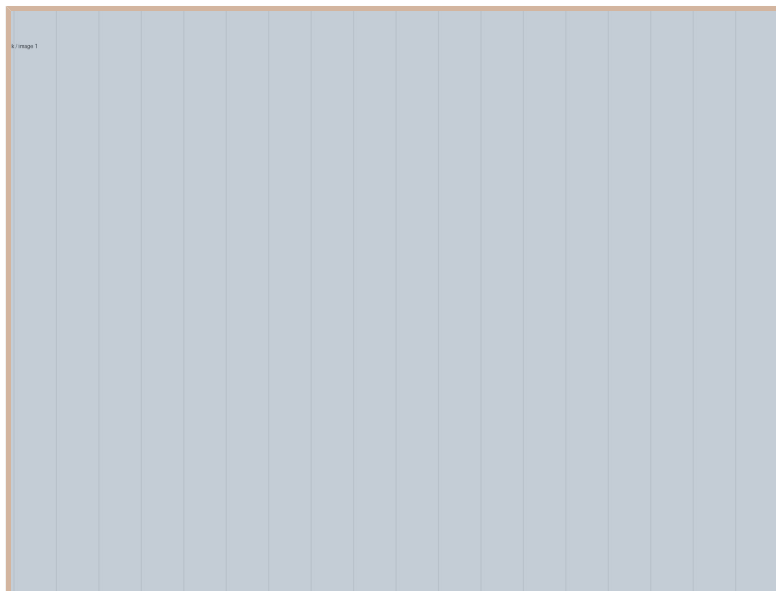

Mortise-and-tenon joints, no metal fixings.

06

1 JUN 2025 · FINISH

In the garden

First summer evening on the bench

THANK YOU

To everyone who helped carry the log.
